UV VISIBLE SPECTROSCOPY AND SPECTROFLUORIMETRY THEORY AND INSTRUMENTATION...

Applications  MANIPAL
ACADEMY OF HIGHER EDUCATION

Single component

- Using standard absorptive value
 - $A(1\%, 1\text{cm})$, ϵ at λ_{max} - why λ_{max} ?
- Single point calibration
 - $C_{\text{unknown}} = A_{\text{unknown}} \times C_{\text{standard}} / A_{\text{standard}}$
 - Prepared similarly.
 - Matching concentration.
 - Measured under identical conditions.
 - Within linearity range.
- Double point calibration
 - $C_{\text{unknown}} = [A_{\text{unknown}} - A_{\text{std2}}] \times [C_{\text{std1}} - C_{\text{std2}}] / [A_{\text{std1}} - A_{\text{std2}}] + C_{\text{std2}}$
 - Used when linear but non proportion relationship exists.
 - Indicated by significant positive or negative intercept in Beer's plot.
 - Sample is bracketed between two standards.
- Using calibration curve

INTELLECTUAL PROPERTY RIGHTS POLICY

**K K WAGH COLLEGE OF PHARMACY
HIRABAI HARIDAS, VIDYANAGARI
PANCHAVATI
NASHIK 422003**

Preamble: -

K K Wagh College of Pharmacy, Nashik has been constantly endeavoring to train high-quality scientific and technical man- power and provide solutions to a variety of challenging technological problems that may arise in Pharmacy field, through its well qualified faculty and highly skilled supporting staff, with the goal of becoming one of the leading centers or teaching and research in Pharmacy and totally committed to excel in every sphere of its activity. It has been constantly encouraging scholarship, research, and academic excellence.

K K Wagh College of Pharmacy, Nasik recognizes that intangible assets like inventions, copyright, know-how, designs and other creative and innovative products generated during the scientific and intellectual pursuits of its faculty and its students provide a competitive edge to the Institute. It, therefore, has formulated its intellectual property policy to provide guidance to its faculty, staff, students, research scholars and outside agencies on the practices and rules or the Institute regarding intellectual property rights (IPR) and obligations which include its ownership, commercial exploitation, and end confidentiality requirements. The policy is expected to promote a conducive environment for both curiosity-driven and market-driven research and development activities at the Institute and creation of original works of authorship.

It is to be stressed that this IPR policy is to be treated more as a guideline than a strict rule in the legal sense in view of the evolutionary scenario in the nations IPR policy and is. Therefore, subject to changes if a need arises.

1. Purpose:

- I. Felicitate, encourage, promote and safeguard scientific inquiry, research pursuits and the academic freedom of its faculty and students.
- II. Create an innovative culture which fosters the creation and development of IP at the Institute.
- III. Provide a clear understanding of the rights and responsibilities of the faculty, staff, and students and protect the interests of the Institute and its members;
- IV. Establish an IPR management policy and procedural guidelines for converting the knowledge generated in the Institute to wealth;
- V. Enable the Institute to make beneficial use of intellectual property (IP) so as to confer maximum benefit to the inventors, the Institute and the society at large end.

2. Objectives:

- I. Facilitate protection and valorization of intellectual properties generated by its faculty, staff and students as a result of their intellectual and scientific pursuits at the Institute during the tenure of their employment/engagement at the Institute and thereby offer scope for wealth generation, alleviation of human sufferings and betterment of human life.
- II. To promote IPR awareness and culture among its faculty, staff and students.
- III. Provide a comprehensive single window reference system for all IPR related issues.
- IV. Proactively create an environment for generating new knowledge through research and innovations compatible with the educational mission of the Institute.

- 3. Scope:** This policy covets all rights arising from the intellectual property devised, created or generated by the faculty members, staff, students, research scholars (both internal and external categories), persons employed in sponsored research and consultancy projects and consultancy projects and visiting scientist/ professors/ research guides/ professionals who participate in teaching and research work being carried out at the Institute either on full-time

basis or part-time basis, irrespective of the eligibility of these rights for registration. The IP arising from academic research includes patents, designs, copyright, know-how and undisclosed information.

4. Application:

This policy as amended from time to time shall be deemed a part of the conditions of employment for every employee of the Institute and a part of the conditions of enrollment and attendance at the Institute for students, and shall be made available to staff prior to appointment, students on enrollment and to all existing staff and students. It is also the policy of the Institute that all potential creators who participate in a sponsored research project and/or make use of Institute-supported resources shall be informed of this policy and shall accept the principles of ownership of intellectual property appended in this policy unless an exception is approved in writing by the Institute.

5. Policy Statement: The Institute is committed to promoting, protecting, managing and commercializing Intellectual Property consistent with the recognition that among its primary objects and functions are teaching, research and meeting the needs of the community and society. It supports the commercialization and exploitation of IP, which can provide an additional source of revenue to the Institute and also accrue benefits to staff and students. At the same time; the Institute recognizes traditional academic values and expectations.

6. Types of IP:

The intellectual properties can be broadly listed as:

- a) Patents
- b) Copyrights
- c) Trade/Service marks
- d) Industrial designs
- e) IC layout designs
- f) Traditional knowledge and Geographical Indications

6. Ownership of Intellectual property

I. In all the applications filed by the Institute for the ownership of intellectual property rights, the persons who have directly contributed intellectual inputs shall be mentioned as inventors or creators.

II. Copyright

- a) The Institute shall be the owner of the copyright on all teaching and instructional materials developed by the employees of the Institute as a part of any of the academic programs of activities at the Institute. However, the author shall have the right to use the material in his/her professional work.
- b) Books, articles, monographs, speeches and other communications produced by the staff members in the course or research and teaching using Institute resources will be outside the purview of this clause. The Institute recognizes faculty ownership of copyright in such traditional works or authorship.
- c) In case of thesis/dissertation/project report written by a student, the ownership of copyright shall rest jointly with the student and his/her guide. However, in such cases,

PRINCIPAL
K. K. Wagh College of Pharmacy
Nashik-422 003

the Institute may demand assignment of the ownership of the copyright in full. Where the Institute does not demand such assignment or where the copyright has not been assigned to the Institute, the Institute will be entitled to a non-exclusive, non-transferable license to use the work within the Institute for non-commercial educational and research purposes, and to possess a number of copies for such purposes.

IIC IPR Coordinator:

Under

“AICTE IDEA LAB”

**K.K.Wagh Institute of Engineering
Education & Research Nashik
(9 Programs NBA Accredited
NAAC “A” Grade)**

About The Institute

The institute was established in the year 1984 at Bhausaheb Nagar (Tal. Niphad, Dist. Nashik) and shifted to Nashik City in September 1986.

The institute is approved by All India Council of Technical Education (AICTE), New Delhi and Government of Maharashtra, permanently affiliated to Savitribai Phule Pune University and has recognition under section 2(F) and 12(B) of (UGC ACT 1956). The institute is adjudged as Grade 'A' by Government of Maharashtra. The institute is Accredited by National Assessment & Accreditation Council (NAAC) with 'A' Grade, Accredited by HLAET International. It is only institute in Nashik to be grouped thrice under “Platinum Category” by AICTE-CII Survey of Industry Linked Institutes and according to NIRF ranking survey 2016 ranked 85th amongst all engineering institutes in India.

About AICTE IDEA LAB

Based on this interaction, 49 institutions are selected for the award of AICTE-IDEA Lab across India in June 2021 for 2020-21. K. K. Wagh Institute of Engineering Education and Research (KKWIEER) is one of them. KKWIEER is the only institute from Savitribai Phule Pune University, Pune to be selected for the AICTE-IDEA lab scheme. The lab is named as KKWIEER-IDEA Lab.

The purpose of a KKWIEER-IDEA lab is to provide all facilities under one roof for the conversion of an idea into a prototype. With this facility on the campus students and faculty members will be encouraged to take creative work and in the progress, get training on critical thinking problem-solving, collaboration, etc. which conventional labs are not able to. The focus will be on training students so that they become imaginative and creative. The whole idea is to transfer engineering education with such a lab in all colleges. All the students will be exposed to the KKWIEER-IDEA lab by organizing training sessions for interested students as well as supporting projects and by providing online learning.

Teachers will also be trained in these labs to know their scope and opportunities in teaching-learning processes as well as research and development projects. Students will also be encouraged to work with faculties on R&D projects and internships which involve the utilization of KKWIEER-IDEA lab facilities.

Vision of the KKWIEER IDEA LAB

Empowering students to generate, develop and commercialize innovative ideas

KKWIEER-IDEA Lab Mission

- Discover innovative technological solutions for industries
- Solve societal and agricultural problems
- Promote creative thinking and problem-solving approach
- Encourage start-ups and attain self-sufficiency

KKWIEER-IDEA Lab Objectives

- Make graduates more imaginative and creative
- Train students on 21st Century skills
- Train teachers in teaching-learning processes, research and projects
- Transform engineering education
- Encourage students to get involved in projects and internships
