Welcome Message

Sr. No.3 2020-21

Dear Colleagues,

On behalf of the organizing committee, it gives us immense pleasure to invite you to attend 'RAKCOPS International e-Conference on Drug Development 2021(RAKCOPS-ICDD 2021)' to be held on May 23-24, 2021 virtually in RAK Medical and Health Sciences University, Ras Al Khaimah, UAE. The conference aims at presenting the current updates on the development in the fields of pharmaceutical sciences. The program will comprise an exciting combination of online plenary lectures, flash talks and poster presentations in the field of pharmaceutical chemistry, pharmaceuticals, pharmacology and clinical pharmacy.

Quality medicines are an important factor for community health and how they are prepared starting from the laboratory scale to scale up batches to production batches is very crucial. Not only the manufacturing but how the quality medicine reaches the patient is very important for the overall health of society. The RAKCOPS-ICDD 2021 conference will provide a platform for the students, researchers, academic faculty and professionals to present their research in the form of flash talk and poster. The RAKCOPS-ICDD 2021 conference will offer the best opportunity to students, academic faculty, industry and all healthcare professionals to attend expert updates and to share and exchange knowledge, experiences and to network with new colleagues, creating and strengthening research collaborations. We hope that this conference will deliberate and discuss all the different facets of this fascinating theme and come up with ideas that will lead to a better, healthier and merrier world.

We look forward to welcoming you all.

Organizing Committee,
RAKCOPS-ICDD 2021

WELCOME MESSAGE

Vice Chairman's Message

Sr. No.3 2020-21

I am happy to know about the International e-Conference on Drug Development 2021 (RAKCOPS-ICDD 2021) organized by RAK College of Pharmaceutical Sciences. I congratulate them wholeheartedly.

This is an era where there are too many varieties of drugs and combinations available for the same disease creating confusion not only in the patients but also in the Doctors. Further, this also leads to misleading and confusing information to the public. Hence, I am sure this type of conference will throw light on the need to maintain the quality and the effectiveness of every medication without compromising on the safety factors while using in human beings.

On this occasion, let us recollect the hard work from different Pharmaceutical Industries with the help of the government to come out with the different types of vaccines for COVID-19. It was a big challenge that too when we consider the short time that has been taken to synthesize these vaccines. Let us congratulate all the personnel who are involved in the synthesis of this vaccine which has been of immense benefit. It is also worthwhile to congratulate Gulf Pharmaceutical Industries (Juphar) too, who are in the process to manufacture the vaccine soon.

I am happy to see the different interesting sessions highlighting all these aspects of drug development. I hope and wish that all the personnel belonging to the health science professions will utilize this opportunity and play a very important role in focusing on the quality control and safety of the patients as the utmost priority.

Once again congratulations and wishing the Conference all the best.

Dr. Yasser Al Nuaimi

Vice Chairman,

Board of Governors,

President's Message

Sr. No.3 2020-21

I am very happy to understand that RAK College of Pharmaceutical Sciences is organizing an International e-conference on drug development 2021 (RAKCOPS-ICDD 2021). I congratulate the entire team led by Dr. Padma Rao, Dean-RAKCOPS including the Organizing Committee.

As we all know, the life story of a chemical from its synthesis to its usage in humans as a medicine is a very long journey and of course very expensive too! Because of the long process, naturally many of the chemicals don't see the light of the day as medicines because any chemical if it has to be used as a medicine has to be effective, safe and free from all the adverse reactions. This demands quality control and the correct method of testing not only in animals but also in humans in a very meticulous way. I am happy to know that there are different plenary sessions and presentations including student presentations highlighting all those aspects of not only quality control but also the focus on patient care and patient education.

I am sure this will be a very useful conference not only for the Pharmacy students but also for all the health science professionals including the pharmaceutical companies.

Heartiest congratulations to the entire team and I wish the conference all the success.

RAK Medical & Health Sciences University

Sr. No.3 2020-21

RAK Medical & Health Sciences University (RAKMHSU) is the First Comprehensive Health Sciences University in UAE under the patronage of **His Highness Sheikh Saud Bin Saqr Al Qasimi**, Ruler of Ras Al Khaimah and Supreme Council Member, United Arab Emirates.

RAKMHSU is fully owned and managed by the **Government of Ras Al Khaimah**. The university is one of the foremost Universities in the region and is considered a credible destination for Health Science Education. RAKMHSU is planning further growth by establishing more and more Masters Programs in Nursing, Pharmacy, Medical and Dental programs. The MBBS program started in the Academic Year 2006. Bachelor of Dental Surgery (BDS), Bachelor of Pharmacy (B. Pharm) and Bachelor of Nursing (BSN) started in the year 2007. The Bridge Program for BSN (RN-BSN) has been added to our list from the Academic Year 2008-09, followed by the Master's programs in Nursing and Pharmacy from the year 2012 onwards.

All the Undergraduate programs offered viz., Medical, Dental, Pharmacy and Nursing and the Graduate programs in Nursing and Pharmacy, have been fully accredited by the Commission for Academic Accreditation under the UAE Ministry of Education. Further, RAKMHSU is the First in UAE to start two-year Masters Programs in Nursing (MSN). RAKMHSU offers- Adult Health Nursing, Pediatric Nursing, Community Health Nursing and Psychiatric-Mental Health Nursing in addition to Masters in Midwifery. M.S. in Clinical Pharmacy, MS in Pharmaceutical Chemistry and MS in Pharmaceuticals are also offered at the Masters level after due accreditation.

University has agreement with MOHAP to utilize the federal hospitals for clinical teaching. University has ultramodern infrastructure, well equipped classrooms and laboratories, up-to-date library, central research laboratory, online teaching and examination facility in addition to multispecialty sports block.

RAK College of Pharmaceutical Sciences

Sr. No.3 2020-21

RAK College of Pharmaceutical Sciences (RAKCOPS) commenced the Bachelor of Pharmacy (B.Pharm) program in the year 2007-2008 after the initial accreditation by the Commission for Academic Accreditation (CAA), Ministry of Education, UAE. Master programs commenced in the year 2012-2013 for Pharmaceutical Chemistry and Clinical Pharmacy specializations and in 2014-2015 for Pharmaceutics specialization.

The college has signed MOUs with different pharmaceutical industries, international universities and hospitals for training and student exchange programs. B.Pharm program comprises of four years with three and a half years of course work and six months of practice school involving pharmaceutical industries, hospitals and community pharmacies. Master of Pharmacy Programs comprises of two years (Four semesters) with two semesters of course work followed by two semesters of dissertation work.

RAKCOPS is equipped with ultra-modern infrastructure, in-house clinical pharmacy training center, laboratories and facilities for the research and developments in the field of pharmaceutical sciences. RAKCOPS also has a separate clinical pharmacy department, which is attached to Ibrahim Bin Hamad Obaidallah Hospital with all the required facilities for the training of pharmacy students.

UAE MOHAP

(LIVE/MOHAP/CPD/21/0203)

Theme: Quality Medicines from Bench to Bed Side

Aim and Scope:

The research and developments in

- Discovery and development of medicines from natural & synthetic sources.
- Formulation & manufacturing of quality drug products.
- Testing for safety and effectiveness in animals and humans
- Providing quality medicines for better patient care
- Improving quality of life by patient education

Major Areas:

Following are the major research areas in the field of pharmaceutical sciences

Pharmaceutical Chemistry

- Drug design
- Medicinal Chemistry
- Pharmaceutical Analysis
- Quality Assurance
- Natural products
- Bioorganic synthesis

Pharmaceutical Technology

- Formulation development
- Biopharmaceutics & Pharmacokinetics
- Nanotechnology
- Drug Manufacture & Regulatory Affairs

Clinical Pharmacy & Pharmacology

- Pharmacoepidemiology
- Pharmacogenomics
- Pharmacovigilance
- Health Economics & Outcome Research
- Pharmaceutical Care
- Rare case reports
- Community and Hospital Pharmacy
- Preclinical & clinical studies
- Clinical Pharmacokinetics
- Toxicology

About the Conference

Sr. No.3 2020-21

LEARNING OBJECTIVES

Upon completion of this conference, participants will be able to:

- ♦ Discuss the essential concepts involved in the development of quality medicines.
- ♦ Explain the critical aspects of patient safety in pharmacy practice.
- ♦ Critically evaluate the standard guidelines governing the pharmacy practice and drug development.
- ♦ Illustrate the concepts of drug discovery, development, formulation, evaluation, and pharmaceutical care services.
- ♦ Appraise the current trends in the field of nanotechnology, protein engineering, synthetic strategies involved in the development of medicines, and its quality assurance.
- ♦ Recognize the perspectives, challenges and opportunities for the provision of pharmaceutical care services in the advanced healthcare settings.

Call for e-Poster Presentation

Professional & Undergraduate Student Presentation:

The Scientific Committee is pleased to invite students, researchers, faculty and professionals to submit abstracts for e-Poster Presentation by **April 25, 2021** via email to abstract.icdd2021@rakmhsu.ac.ae

Professional e-Posters should be unpublished original research work whereas Undergraduate e-Posters can be unpublished original research work or review of literature. The accepted abstracts will be published in the book of abstracts.

Major Areas:

The prime focused areas for the abstract submission and poster presentation are in the field of pharmaceutical sciences: Pharmaceutical Chemistry, Pharmaceutical Technology and Clinical Pharmacy & Pharmacology.

e-Flash Talks:

Professional e-Poster will be selected for e-Flash talk and will be communicated to presenters by **May 08, 2021**.

Awards:

Best Professional e-Poster, e-Flash Talk and Undergraduate e-Poster will be awarded.

Certificate of Presentation:

All the presenters will be awarded with certificate of presentation.

ABOUT M.G.V.

Under the inspiration, foresight and idealistic vision of Late Hon. Karmaveer Bhauraoji Hiray Mahatma Gandhi Vidya Mandir Trust had its humble beginning in 1952, with the precedence of Adarsh Seva Samiti founded in 1945, with devotional motto- BAHUJAN HITO BAHUJAN SUKHAY (Benefits and happiness to one and all). The great successor Late Hon. Loknath Vyankatrao Hiray and Hon. Smt. Pushpatai Hiray took forward the trust and gave justice to the motto of the trust. Currently the trust is working under the able guidance of Hon. Dr. Prashant V. Hiray and it is further nurtured by Hon. Dr. Annapurna P. Hiray and Hon. Dr. Advay P. Hiray and who in tune with the time has expanded the scope by establishing professional colleges. MGVE Education Trust has gained massive appreciation since inception and has already set a high benchmark in the field of education. The institute started with diploma course in pharmacy in 1972 & gradually expanded to a vibrant center of excellence. Mahatma Gandhi Vidyamandir's Pharmacy College, Nashik is one of the oldest private education institute affiliated to Savitribai Phule Pune University, Pune. MGVE runs B.Pharm (Since 2003), M.Pharm (since 2005) Courses. It is also a recognized Ph.D. center of Savitribai Phule Pune University, Pune in Pharmaceutical Sciences.

Vision

To be a centre of professional excellence by contributing humbly to the pharmacist moulding process.

Mission

To impart high quality education to graduates and nurture them into competent professionals who can contribute to all spheres of professional activities while upholding human values.

About the Workshop

Scope on Area: Faculty will get acquainted with the recent changes in the PCI Pharmacy Syllabus for graduates & postgraduate.

Objective: To get feedback on the currently adopted PCI Pharmacy Syllabus & forward the suggestions to PCI.

ABOUT M.G.V

Under the inspiration, foresight and idealistic vision of Late Hon. Karmaveer Bhausaheb Hiray, Mahatma Gandhi Vidyamandir trust had its humble beginning in 1952, with the precedence of Adivasi Seva Samiti founded in 1945, with devotional moto- BAHUJAN HITAY BAHUJAN SUKHAY (Benefit and happiness to one and all). The great successor Late Hon. Loknete Vyankatraoji Hiray and Hon. Smt. Pushpatali Hiray took forward the trust and gave justice to the moto of the trust. Currently the trust is working under the able guidance of Hon. Dr. Prashant V. Hiray and it is further nurtured by Hon. Dr. Aapoorna P. Hiray and Hon. Dr. Advay P. Hiray and who in tune with the time has expanded the scope by establishing professional colleges. MGVS Education trust has gained massive appreciation since inception and has already set a high benchmark in the field of education. The institute started with diploma course in pharmacy in 1972 & gradually expanded to a vibrant center of excellence. Mahatma Gandhi Vidyamandir's Pharmacy College, Nashik is one of the oldest private education institute affiliated to Savitribai Phule Pune University, Pune. MGVS runs B.Pharm (Since 1993), M.Pharm (since 2005) Courses. It is also a recognized Ph.D. center of Savitribai Phule Pune University, Pune in Pharmaceutical Sciences.

Vision:

To be a centre of professional excellence by contributing honestly to the pharmacist moulding process.

Mission:

To impart high quality education to graduates and nurture them into competent professionals who can contribute to all spheres of professional activities while uploading human values.

About The Workshop:

Scope on Area: Faculty will get acquainted with the recent changes in the PCI Pharmacy Syllabus for graduates & postgraduate.

Objective: To get feedback on the currently adapted PCI Pharmacy Syllabus & forward the suggestions to PCI.

ABOUT THE SOCIETY

Progressive Education Society was established in the year 1934 by Prof. Shankarrao Kanitkar, who was a veteran teacher and a social worker. The society was established with an aim to provide education to all sectors of the community. Today, P. E. Society is headed by Hon. Dr. G. R. Ekbote who is the Chairman of Business Council of Progressive Education Society. Under his able guidance, P. E. Society is running 58 institutes including schools, colleges and technical institutions imparting quality education from K. G. to Ph. D in the field of Pharmacy, Engineering, Law, Education, Agricultural Biotechnology and Management. The society is committed for the cause of the people since its inception.

ABOUT THE COLLEGE

Modern College of Pharmacy was established in 1998 by P. E. Society at Yamunanagar, Nigdi in the close proximity of the Industrial belt of Pimpri - Chinchwad. The name of Society and that of our college, typifies the Society's mission to be "Progressive" in education and "Modern" in technical knowledge. The college has carved out a special niche for imparting quality education in pharmacy. Our College is approved by Government of Maharashtra, All India Council for Technical Education (AICTE) and Pharmacy Council of India. It is permanently affiliated to SPPU. College is accredited by NAAC. College is recognised under 2f and 12(B) by UGC, New Delhi. Under the able leadership of Principal Dr. P. D. Chaudhari, college offers B. Pharmacy, M. Pharmacy (Pharmaceutics, Pharmaceutical Chemistry, Pharmacology & Quality Assurance Techniques) and Ph. D in Pharmaceutics, Pharmaceutical Chemistry and Pharmacology. The college has secured All India Rank 41 in NIRF-Ranking 2017 in Pharmacy Category. The college has been awarded as best college in Professional Colleges by Savitribai Phule Pune University in 2015-2016.

ABOUT HESDAR CENTER

HESDAR Center is a higher education start up with a focus for pharmacy students, faculty and others to provide learning, skill development, action research and creating modern education workspace, leveraging latest technology and expertise of the board members. HESDAR is a leading center for training, research & development in higher education management in India with international quality. HESDAR Center is committed to provide skill development, training, research and development by offering programs in higher education sector and contribute as a TEAM in Nation Building through excellence in Higher Education.

Introduction

Koha is a state of the art library management software. It is open source software and hence one can use it free of cost. Koha allows total customization and complete control of library data at a fraction of the cost of a proprietary system. Its main strength is its web accessibility and ease of use. Libraries do not have to install the software on staff and user terminals. Koha supports all library housekeeping activities such as Acquisition, Cataloging, Circulation, Serial Control, Patron Management, and OPAC. It also supports Web 2.0 tools. Thus, Koha can be readily configured to the needs of each library and is updated with new features frequently.

Koha training is generally provided over a period of a few days at an expense of several thousand rupees. We offer the same training in one day at a cost of Rs. 500, using the award-winning Spoken Tutorial methodology. The IIT Bombay Team has created high-quality Koha Spoken Tutorials, especially suitable for self-learning. Participants will learn 'Koha' by listening to Spoken Tutorials and practising them on live 'Koha' software, at a Remote Centre conveniently located. There will be live interactions between the participants at the Remote Centres and Koha experts at IIT Bombay or IGNOU or both. Thus, this workshop will be conducted through a blended mode. This workshop is organised under the aegis of the National Virtual Library of India, funded by the Ministry of Culture.

Methodology of the Main Workshop

It will be a one day workshop, on 12 October 2018. All participants have to go to their chosen remote centre (RC). There will be live video interaction through A-VIEW at the beginning. After that, all participants who will join this course from a remote centre will learn Koha, using the computers at that RC. In the evening, we shall connect through A-VIEW again, carry out discussions and end the programme. There will be about 4 hours available for Koha training and 2 hours for interactions. Participants at each Remote Centre will be helped by a course coordinator who would have attended a Coordinators' workshop at IIT Bombay on 29 Sept. 2018.

ABOUT THE UNIVERSITY

Invertis University is NAAC ACCREDITED leading university situated in Bareilly on NH-24 equidistant from the Country's Capital Delhi and State's Capital Lucknow. From a humble beginning in 1998, Invertis has come a long way. From 83 students and one institute – Invertis Institute of Management Studies today we stand tall as a full-fledged university with 8 different faculty structures under its name. We offer a range of doctoral, post graduate and under graduate programmes in management, law, commerce, computer application, pharmacy, education, journalism and mass communication, bio science and technology, science, fashion designing and engineering and technology

At Invertis we believe that the success of a teacher comes along with the achievements of a student. To ensure that our student succeed, we make sure that they get very best. Invertis pioneered the concept of holistic development, an approach of more than just text book studying and an all-round approach of learning. It stems from the old management concept of “Keep your feet worm, back straight and head cool”. Our faculty members foster knowledge and acknowledge students who do well not only in classes, but also in the outside world. The back bone of the University is it's alumni alliance who provide pathways for students even after their studies are completed.

ABOUT THE DEPARTMENT

The department of pharmacy efforts to facilitates state of the art medical education in the field of Pharmaceutical Sciences by infusing scientific language in the students leading towards research and to grow as centre of excellence in the field. The vision of the department is to provide the best education to the students that are directly applied to problems and situations encountered in real life and get a successful carrier. The world class pharmacy lab enables our students to experiments each limit to invent life-saving drugs and medicines. Also making hospital training as a part of curriculum helps students to understand the clinical demands and practical challenges of medical sciences.

ABOUT THE FACULTY DEVELOPMENT PROGRAMME

The proposed six-day faculty development programme (FDP) explores in detail the process of adoption of Open Innovation in the pharmaceutical industry through a case study and analyses the empirical findings by framing it inside the current theoretical framework.

FDP is a quality course providing forum for academicians and clinical professionals to exchange their knowledge and state of art of aforesaid areas. The course content will be taught by eminent experts in the field, having adequate teaching, research and clinical experience. This course will offer some unique opportunities to the researchers, academicians and students working in this area to acquired knowledge in current scenario. This programme provides deeper insight and knowledge to the participants about the valuable teaching development through recent innovations and research in pharmaceutical sector.

Subject: Online STC on "Advances in Pharmacy Education" (ICT-BEM-3) from 23-27 August, 2021 at NITTTR, Chandigarh.

Dear Sir,

National Institute of Technical Teachers Training and Research (NITTTR), Chandigarh an ISO 9001:2008 certified institute of MHRD, Government of India is one of the four national institutes established by the Government of India in 1987 for the growth and development of technical education in the country. Presently, the outreach of the programmes and activities of the institute cover the entire gamut of technical education. It is now reckoned as a resource institute for the technical education system providing services to its clientele covering faculty/staff of technical institutions, officials of Directorates/ Boards of Technical Education, Central and State Government Departments, Industry, Students from Technical Institutes, Community and Trainees from Overseas.

An online short-term course on "Advances in Pharmacy Education" is being organised from 23-27 August, 2021. The programme is aimed to introduce teachers of pharmacy about latest developments in the area of pharmacy education. The program will also include the pedagogical aspects with special reference to online teaching and evaluation. I would be grateful if you kindly sponsor the faculty of Pharmacy from your state/institute to participate in the program. The participants are required to register online at the institute website.

WORKSHOP ON MENTAL HEALTH DURING COVID-19

Jointly with

J D COLLEGE OF ENGINEERING & MANAGEMENT, Nagpur
ON

'Maintaining Mental Health During Turbulence'

(From : 06th May to 10th May 2020)

DBATU jointly with JDCOEM have designed and planned a workshop on mental health care of students and society in general. The experts for the workshop are from the National Institute of repute and in-house faculties. The workshop will be followed by the interaction with teachers and question answer session.

- **Abstract:** World Health Organization (WHO) stated that there is a high risk of COVID-19 spreading to other countries around the world. In March 2020, WHO made the assessment that COVID-19 can be characterized as a pandemic. WHO also suggested supporting mental and psychosocial well-being in different target groups during the outbreak. It's been largely observed that people are developing various mental health disorders due to this unannounced calamity. There comes a need to create mental health awareness among our teachers, who are at the center of educational eco-system. With increased mental health awareness comes more support and care for our students to tackle this turbulence.

Effective emergency response suggested by WHO

WHO endorsed interagency mental health and psychosocial support guidelines for an effective response to emergencies recommend services at a number of levels – from basic services to clinical care. Clinical care for mental health should be provided by or under the supervision of mental health specialists such as psychologists or psychiatrists.

- ✓ **Community self-help and social support** should be strengthened, for example by creating or re-establishing community groups in which members solve problems collaboratively and engage in activities such as emergency relief or learning new skills, while ensuring the involvement of people who are vulnerable and marginalized, including people with mental disorders.
- ✓ **Psychological first aid** offers first-line emotional and practical support to people experiencing acute distress due to a recent event and should be made available by field workers, including health staff, teachers or trained volunteers.
- ✓ **Basic clinical mental health care** covering priority conditions (e.g. depression, psychotic disorders, epilepsy, alcohol and substance abuse) should be provided at every health-care facility by trained and supervised general health staff.

- ✓ **Psychological interventions** (e.g. problem-solving interventions, group interpersonal therapy, interventions based on the principles of cognitive-behavioral therapy) for people impaired by prolonged distress should be offered by specialists or by trained and supervised community workers in the health and social sector.
- ✓ **Protecting and promoting the rights** of people with severe mental health conditions and psychosocial disabilities is especially critical in humanitarian emergencies. This includes visiting, monitoring and supporting people at psychiatric facilities and residential homes.
- ✓ **Links and referral mechanisms** need to be established between mental health specialists, general health-care providers, community-based support and other services (e.g. colleges, social services and emergency relief services such as those providing food, water and housing/shelter).

- **Target Group:** University Teachers.
- **Proposed Speakers :**

S N	Name	Designation/Qualification
1	Dr. Shraddha Dhiwal	Asst. Professor (Psychology) NCERT, New Delhi
2	Dr. Shalini Dixit	Asst. Professor (Psychology) NIAS, IISC, Bangalore

Welcome Message

ICTM 2020 aims to gather the research scholars, principal investigators, experts working in academic institutes, research institutes, and healthcare industry from across the world to provide an international forum for the dissemination of original research, new ideas, and practical development experiences. The endeavor of this conference is to offer an opportunity to showcase the sharp edge research in the field of Quality assurance of Phytomedicines. We encourage research scholars, academic faculty members, and industry participants to showcase their research work through paper/poster presentations.

We invite you to join us at the 1st international conference on Quality Assurance and Phytochemical Approaches in Traditional Medicine-2020, where you will be sure to have a meaningful interaction with Global Experts, Speakers & Scholars from around the world. All members of the ICTM 2020 organizing committee look forward to meeting you at SMBT Campus, Nashik, India.

About Conference

SMBT is pleased to welcome all the participants from all over the world to attend 1st international conference on 'Quality Assurance and Phytochemical Approaches in Traditional Medicine-2020'. The theme of the conference focuses on "Exploring quality assurance and phytochemical research in traditional medicines practiced for treatment and healing".

In ICTM 2020 the focus will be on the current research and development in the field of Traditional Medicines and the new treatment methods which are devised by scientists to treat various diseases in an easier way. This formal get-together will provide an excellent platform for participants to learn about the recent trends in quality assurance and

Areas Covered in ICTM 2020

1. Traditional Medicines- sources & clinical applications.
2. Quality Assurance of Traditional Medicines.
3. Phytochemistry: Isolation and use of active principles.
4. Trade of Natural Products and Traditional Medicines.
5. Biological Screening of Natural Medicines.
6. Pharmaceutical Biotechnology

About the Continuing Education Program (CEP):

The Pharmaceutical world today is adopting new technologies and practices and pharmacy education in this country needs to be relevant in the global context. In this era of globalization & privatization of education, students consider the teachers as partners in the learning process. Knowledge and skills obtained by the teachers during the period of training of their qualification are not enough to remain competent throughout their career. In other words, a teacher needs to be a self directed lifelong learner.

Pharmacy Council of India (PCI), thus felt the need to impart training to the Pharmacy teachers with respect to current needs of the teachers in achieving excellence in Pharmacy education. By means of this CEP, attempts shall be made to explore mechanisms for supporting the development of teaching competencies.

Objectives of the Continuing Education Program:

The objective of the CEP is to provide a dynamic platform for teachers to be exposed to newer teaching skills and methodologies. This CEP will empower teachers to use innovative methods and techniques for effective teaching. Thus, teachers shall be able to enhance their own performance in the classrooms.

Continuing Education Program Thrust Areas :

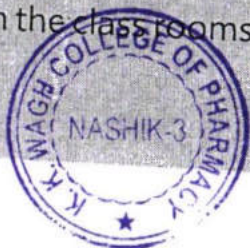

1. Innovation and creativity in teaching
2. Micro teaching
3. Research methodology for research aspirant teachers
4. Problem Based Learning
5. POs, COs and their attainment
6. Assessment and Evaluation tools
7. Soft skills, mentoring and counseling skills essential for teachers
8. Role of teachers in enhancing employability of students

Resource Persons

Highly experienced faculty members from Academia and Industry.
